DAVE IS OPINION
OF SOUTH'S PROSPERITY

Says That the European War
May Prove Blessing in
Disguise.

G. Grover Dawe, editorial chief of all publications of the United States Chamber of Commerce, was the guest of Atlanta yesterday, stopping at the Piedmont hotel. He is in this city for the purpose of arranging for the visit of the directors of the national chamber of commerce, who will come here Oct. 20, and also visit a number of other southern cities.

Mr. Dawe expressed himself in an interview as thoroughly optimistic in regard to the future prosperity of the south.

"I believe firmly," he said, "that good results will be the outcome of the war. It will be a great blessing in disguise. The depression of business which prevailed for some time has been a great blessing in disguise. The war is already beginning to displace itself. It is in this city on a firmer stand, and in another month will be a reality."

Mr. Dawe stressed the following: "We are at peace with the world, and we are the only great industrial nation at peace. We have greater resources than any other nation. The war is already beginning to displace itself. It is in this city on a firmer stand, and in another month will be a reality."

SUIT IS ABANDONED
BY SENATOR LEWIS

Washington, October 13.—Senator James Hamilton Lewis, through counsel, abandoned in the supreme court, the suit against the Citizens Bank and Trust company of Washington he must recognize the joint interest in a tract of land in the city of Washington. Senator Lewis has contained the financial bill, which has been introduced to the land, which was entered under the homestead law while the mother

When You Hear
That Dinner Bell

Does Your Mind Go Back to the
Days When You Could Eat
Like a Farm Hand?

The memory of an appetite is a wonderful thing. It is the yearning for the good things of life, the yearning for the good things of life, the yearning for the good things of life.

First Man—"I'm as hungry as a bear."
Second Man—"Wait 'til I get a plate of good old corn and meat."

Look at the above illustration. Most every one can relate to it. You can't eat your food unless you have a good appetite. You can't eat your food unless you have a good appetite.

Georgia Baptist association is being held with the Baptist church at Lunenburg, six miles south of Washington, this week.

The association was called to order Tuesday morning by the moderator, W. C. Hogan, and its session continued until about 11 o'clock on Thursday. In addition to the regular business of the association, there will be a sermon each day. The association is the largest and oldest of the district associations, of which there are ninety in the state. It was organized in 1842 and held with the Kloeke church in 1843. It has since moved to its present location and still belongs to the association.

There are sixty-two churches, located in the counties of Albemarle, Amherst, Bedford, Giles, Loudoun, Loudun, Madison, Montgomery, Orange, Orangeburg, Rockingham, Shenandoah, Stafford, Warren, Washington and Westmoreland, which together with the association body, about one hundred and fifty members, and a large attendance, many of whom are being entertained in the hospitable homes of Washington.

St. Louis, Mo.

Texas in Favor of Law To Cut Cotton Output

Harvie Jordan Writes of Results of Cotton Association's Campaign.

Great enthusiasm in favor of legislation to control next season's cotton output in Texas is the result of the whirlwind campaign to this end which the Texas Cotton Association, and its fellow-committeemen have been conducting in Texas.

Details of this campaign are given in the following letter from Mr. Jordan to The Constitution, October 12, 1914.

Editor Constitution: With ten speakers in the field we have just closed our first week of a whirlwind campaign on the cotton reduction situation in this state. We have addressed large mass meetings of farmers in sixty of the cotton-growing counties of Texas and have secured splendid results by arousing sentiment in favor of controlling the production of cotton in 1915 by legislative enactment along the lines advocated by the Southern Cotton association at the New Orleans cotton convention on September 29-30.

The farmers in all the meetings held the past week have expressed themselves as being overwhelmingly in favor of drastic state legislation to control the production of cotton in 1915. Letters and telegrams coming to us daily from the other cotton states in the south show that the sentiment is the universal opinion among the growers all over the south that agreements to control the production of cotton by pledges or promises will meet with absolute failure and only tend to make existing conditions worse.

Meetings throughout belt. Our meetings were held all over the cotton belt of Texas Saturday to give expression of the people on the question of legislation. Many counties voted to pass a law to eliminate the production of cotton entirely for 1915—while other counties voted for a law to prohibit the production to one-fourth or one-half of the amount of cotton raised in 1914. The Texas legislature now in session will actively take up the matter this week, and we feel confident of securing the passage of such a law.

That the whirlwind campaign we have been conducting in this state will become operative when a similar law has been enacted in all the other cotton-growing states.

We are making the fight here first, because Texas is the largest cotton state in the south and we feel that Texas should take the lead and pave the way for the other states.

25,000,000 Bales on Hand. The statistical situation shows that there is now on hand in this and foreign countries, 25,000,000 bales of raw cotton, and that the present limited capacity of the cotton mills, due to the European war, will not be able to consume more than 14,000,000 bales in the next twelve months. This would leave on hand and unconsumed on September 1, 1915, at least 14,000,000 bales of cotton.

With this condition facing the south, it would be, in my opinion, suicidal to plant any cotton at all in 1915. There will be a continuing and increasing demand for food stuffs for three years, and we should not add to the world's surplus of cotton until we are in a state of exhaustion of the soil.

The only solution of the present cotton situation in the enactment of such legislation will be to effectively control the production of cotton in 1915, and the growers want this legislation and press the cotton interests against it.

Other plans so far proposed will be unavailing and will ultimately make the situation worse.

We intend to press forward this campaign in the south until we have secured positive and definite action has been taken to protect the cotton-grower.

growers from the existing financial depression. The Constitution will render all possible aid for securing necessary state legislation for controlling production of cotton next year. It will remain in Texas until about the 15th of November, and then it will be taken to Alabama, to which it can be depended upon to line up the cotton states. That Governor Slaton will very soon call for the police powers of the state for the purpose of securing the enforcement of the law passed in 1913, and for checking the invasion of the boll weevil and other cotton pests.

Yours truly,
HARVIE JORDAN,
President Southern Cotton Association.

Atlanta Is Visited By a Heavy Downpour And Pitch Darkness

Downtown Atlanta poked worried heads out of twelve and fifteen and eyed the sky anxiously. The following report about 4 o'clock and wondered with deep anxiety whether or not that huge funnel-shaped cloud that hovered low and ominous was really a cyclone. It was not more city-wide anxiety probably than the report that Monday's circus parade would not be forthcoming. The sky was dark and winds that kicked up an awful lot of dust and hurried pedestrians to the shelter of doorways and near-by havens of refuge. For a few minutes it lingered, but then it scattered and the sun shone down again with vigor and imparted after all, as a catastrophe, for cyclones never come after it rains. They always precede the rain.

Unsettled for Wednesday, more or less cloudy, indicating slight rain. Winds will be northerly, moderate in force. The temperature, however, will decline, as an area of considerably colder weather is advancing slowly from the northwest. The low part of the week should be much colder than previous temperature this fall.

MRS. DYER BADLY HURT IN AUTO ACCIDENT

While Mrs. Mary Dyer, of Decatur, was coming into the city yesterday afternoon, Dr. G. W. Woodbury, of his wife and daughter in their automobile, she was thrown out and severely bruised when the machine collided with the corner of Euclid avenue and McLendon street.

At the time of the accident Mrs. Rogers and daughter were upon a business trip, accompanied by Thomas J. Day, Jr. As the Rogers car attempted to pass around a delivery wagon standing across the right side of the street, it was nearly confronted by the car of Dr. Goodman.

The car of Dr. Goodman, under the circumstances, the accident was unavoidable, it is said. Neither automobile was badly damaged.

Mrs. Mary Dyer, who was riding on the front seat beside Dr. Goodman, was thrown against the Rogers machine and was badly injured. She is now in the hospital, and her daughter, as well as Dr. Goodman's family, escaped with severe jolting.

OFFICERS ARE ELECTED BY BAPTIST CHURCHES

The coming meetings of the sixth annual session of the Atlanta Association of Baptist Churches were held Tuesday in the auditorium of the Georgia Baptist church, in West End.

Fifty churches, with a roll of 2,000 members, were present at the morning session, and the two-minute talk was made by the pastor of each church concerning its general condition. The following officers were elected: Moderator, Dr. L. E. Brown, vice moderator, Marcellus H. Jackson, clerk, and A. E. Wheeler, auditor.

At the afternoon meeting Dr. John R. Brown, chairman of the executive committee, and Dr. R. F. Robertson, superintendent of the association, made reports dealing with the progress of the association during the past year.

The matter of establishing a relief mission in Atlanta, was brought up, but after much discussion the question was postponed until Wednesday.

The night session was characterized by interesting addresses from C. R. S. Jackson and Dr. W. L. Fickard.

CONCERT MUSICIAN SUES CITY FOR \$3,000

Dollie Cochran, a 19-year-old concert artist—an orphan who supports herself—maintains in a suit for \$3,000 which she filed yesterday in the superior court against the city of Atlanta, that physical injuries she received last month so upset her nervous system that she was unable to perform adequately as a musician.

She alleges that she was walking along Kirkwood avenue at Waltham street one night and stepped into a temporary excavation that had been made by the roadway, badly wrenching her ankle and hip. She says she was unable to perform for some time, but so injured her nervous system she was unable to perform either on the violin or organ.

The suit will be aired in the civil division of the superior court.

S. W. EMORY MISSING; FOUL PLAY IS FEARED

Friends and relatives of S. W. Emory, a Methodist minister of St. Paul, Ga., are calling upon the police of Atlanta to aid them in their state-wide search for him. He has been missing since October 2, having gone to Lutherville, a business trip from which he is believed to have come to Atlanta.

Mr. Emory, a brother, pastor of the Fairview Methodist church, came to Atlanta yesterday to enlist the aid of the police. He stated that his brother, who is 39 years old, married and the father of six children, had caught a train in Lutherville on the 2d, presumably for Atlanta, and for no further trace of him could be found.

He fears foul play, so no reason may be conjectured for the mystery, as the missing man is said to have had no domestic, business or financial troubles.

COMMERCE SOCIETY IS FORMED BY STUDENTS

The second-year men of the Atlanta School of Commerce and Technology, have organized a Commerce society, in the interest of business fellowships, and the promotion of a greater interest in college education.

A number of lectures by prominent business men of Atlanta will be given under the auspices of the society. The following officers have been elected: President, H. C. Keiser; vice president, J. C. Gump; secretary, M. N. Kaplan; treasurer, R. F. Dunn.

MAIL ENLARGING

A kodak enlargement is a splendid gift for any occasion. Forward securely by mail. Send us your favorite negative today. We will send you a kodak enlargement of 14 Whitehall St., New York.

A Funeral in 1879

"I attended a funeral once in Pickens county. A funeral is not usually a cheerful object to me unless I could pick the subject. Still this funeral was particularly sad. It was a 'one gallus' fellow, whose breeches struck him under the armpits, and hit him at the other end about the knees. They buried him in the midst of a marble quarry. They cut through solid stone to make his grave, and yet a little tombstone they put above him was from Vermont. They buried him in the heart of a pine forest, and yet the pine coffin was imported from Cincinnati. They buried him within touch of an iron mine, and yet the nail in his coffin and the iron in the shovel that dug his grave came from Pittsburg. They buried him beside the best sheep-grazing country on earth, and yet the wool in the coffin-bands, and the coffin-bands themselves, were brought from the north. The south did not furnish a thing on earth for that funeral but the corpse and the hole in the ground. They buried him in a New York coat, a Boston pair of shoes, a pair of breeches from Chicago, and a shirt from Cincinnati."

—HENRY W. GRADY.

We have improved since that time. We have learned to manufacture our Marble, Pine, Iron, Cotton and Wool, and ship our manufactured products to the four corners of the earth.

But the great pity today is our lack of appreciation of the things made in our own neighborhood. We do not make it an unbending policy to patronize Home Industries. Let us stop sending our money to foreign people.

When the women of Georgia patronize Home Industries, they keep the money at home, they give employment to our workers, educate our children, lessen the calls on our charity, and make it easier for the money-makers in their families to gather in the shekels.

Patronize Home Industries!

Braves Cop Four Straights; Rudolph Wins His Second; Evers' Single Wins Game

Boston, October 13.—The Boston National league club today completed the most sensational record in modern professional baseball history by defeating the Philadelphia Athletics in a game at Fenway park 2 to 1.

Beginning their run from last place in the senior league in the middle of July, the Braves have broken traditions and records in the national sport with speed and abandon during the last three months. They emerged late-to-date champions of the world leaving a trail of startling surprises and upsets in their wake which it will be hard to duplicate.

Last and far from the least of their accomplishments was the overthrow in four consecutive games of the world famous baseball machine of Connie Mack, with its hundred thousand dollar infield, home run heroes and corps of skillfully slugged veterans and youthful pitching stars. Tonight the management of George Stallings, celebrating their second world championship, while the wreck of the Athletics' season in previous years was the home of William Penn, stunned and stupefied.

Unexpected as was the defeat, the Mackmen took it in sportsmanlike spirit, praising the winners and offering no excuses for their own defeat. Fact, none is available, for the Mackmen outplayed and outgamed their more experienced opponents in every game and department of the game. The worst of the Mackmen was that their warmest admirers was that the team had been so completely and so completely to get going in the first inning in previous years.

To crush completely and decisively the great combination which has resulted in Philadelphia's success in the league in recent years is honor enough for any rival baseball team. The Braves in their youthful ardor and confidence did even better, winning a new world's series record by winning in succession the four games necessary to clinch the title.

Not since the national commission assumed charge of these annual inter-league contests in 1903 has this feat been achieved until today. Several clubs have won four out of five games, however, and in the early days of the league and National league series were chronic.

ATHLETICS POLITE HARD.
The Athletics fought doggedly until the end, and even late in the game their adherents, who had made them two to one favorites, were cheering before the opening contest, confidently believing they would bring about at least a monetary share in the Braves' heading run. The Mackmen's famous punch, however, was first to score.

The new champions were first to score, and for a moment it seemed as if there were no end, but the lead until the end of the fourth inning. The Braves, however, were the initial run in the fourth inning by working hard on Connolly's infield out, moved to third on Whitted's single, and on Schmidt's infield out.

The Athletics tried to score in the fifth inning when Barry singled, took second on Schang's single, and on Schang's double. Nothing daunted, the Braves came back with a bang, and the same inning and won the game with two additional runs, both made after two were out. Rudolph singled to center, took third on Evers' double to left and both came home when Evers singled over second. The Athletics appeared to lose heart and never seriously threatened the remaining seasons at bat.

IS SHARED.
Because of the shortness of the series, the club owners and national commission divide a smaller sum than in any world's series since 1910. The attendance at today's game was 14,523, and the receipts \$14,523. Of this sum the players received \$14,523, the club owners \$14,523, and the national commission \$14,523.

HOW MONEY.
The world's series for 1914 was the most between the pennant winners of the two major leagues since the national commission, the end was the end of baseball, took charge of the annual autumn championship honors in 1903. Today's victory of the Braves brings about a tie for inter-league honors since American league and National league clubs each have won five championships pennants. The American league victories and the clubs that won them follow:

1910—Philadelphia.
1911—Philadelphia.
1912—Philadelphia.
1913—Philadelphia.

The National league triumph was won as follows:
1907—Chicago.
1908—Chicago.
1909—Chicago.
1910—Philadelphia.
1911—Boston.

Connally, the Athletics' leader, is the only manager who has won three world championships and is expected to have stumbled over the mystic force of the Mackmen's pitching machine and Chance have failed to win four league pennants in a row.

The final game was the least exciting of the series. There were few brilliant fielding features that are not seen in games during the regular season. Maraville made a great stop and threw on a hard hit by Collins, and Mann brought cheer on a fine running catch in the outfield and Pennock.

The batting also was of the ordinary kind. Whitted got two singles, Moran made a double, and Evers, against Boston—Evers, Schmidt, and Barry. Seven of the ten men in the game and the former world's champion made a hit. It was their best offense of the series. Whitted, Collins, and Pennock also gave two. Rudolph gave one base on balls and pitched one wild pitch.

The new champions excelled the Athletics in hitting, but not in fielding. Boston made a total of 18 runs in the four games, as hits for a total of 104. The Athletics made 13 hits in the four games, as hits for a total of 104. Boston played one errorless game and the Athletics played one errorless game.

The Braves made seven singles in the series. Gowdy had six hits for a total of four runs, and five game five hits. Baker made four hits in the series, and three game five hits. Schang, two, McInnis two and two.

BOSTON ROUTERS
Despite the rather mediocre play of the Athletics in the game, the thousands of spectators furnished a good time. The Braves were put out and championship honors were theirs. The Athletics were put out and championship honors were theirs.

him to have caught it. Jack Barry was tossed out, Maraville to Schmidt, and Schang struck out.

The National league champions got a man on in the half of the second inning. Whitted sent a hot liner that Colling to first. Schmidt was tossed out, and Schang was tossed out, and Schang was tossed out.

The Athletics got two hits in the fourth inning, but did not have the punch to get a man across the plate. Collins opened with a sharp grounder to Johnny Evers and was called out. Baker smashed a hot drive at Schmidt which the big first baseman could not handle. Play was stopped while Schmidt repaired a base.

On the throw-in, McInnis tried to throw to Evers, but was called out. Contract was made with Evers. With two out, the Athletics did not get on base and Rudolph was cheered as he struck out Evers.

Boston scored its first run in its half of the fourth inning. Evers, Walsh, a base on balls and went to second on Connolly's out. Collins to McInnis. Philadelphia second baseman intended to get a double but was called out. Barry threw the Boston first baseman out, as Evers crossed.

On the throw-in, McInnis tried to throw to Evers, but was called out. Contract was made with Evers. With two out, the Athletics did not get on base and Rudolph was cheered as he struck out Evers.

Collins, in trying to field the ball, threw it to his ankle and play was stopped for a few minutes. He limped to his position and play was resumed. Then came the first real cheer of the Boston fans, as the Athletics' pitcher, Evers, threw the Boston first baseman out, as Evers crossed.

On the throw-in, McInnis tried to throw to Evers, but was called out. Contract was made with Evers. With two out, the Athletics did not get on base and Rudolph was cheered as he struck out Evers.

On the throw-in, McInnis tried to throw to Evers, but was called out. Contract was made with Evers. With two out, the Athletics did not get on base and Rudolph was cheered as he struck out Evers.

JOHNNY EVERK.
Field captain of the Boston Braves, with Hank Gowdy, deserves much of the credit for the winning of the world's series as any one. Johnny hit, sending home the two runs by which the Braves won the series. His work questioned Collins' right to title of Home King.

The Constitution is in receipt of the following letter:

Dick Jemison, Sporting Editor Constellation

Dear Sir: I have been reading your "The Grass is Greener" series and I am sure the writers you are referring to regarding the "abuse" of the sport question. I voice my sentiments to a "T" and without wishing to read anything that even resembles the "T" animals that eat grass, I want to say I pass up The Georgian and Journal afternoons and wait until the next morning to read The Constitution for the "T" series and other sports, and I think about every fan in Atlanta and Mississippi feels the same way about the "T" is the kind we like. Keep on the

Negro Cooks Drowned.

Memphis, Tenn., Oct. 13.—Two negro cooks employed on the government steamer "Hatch" were drowned today in the Mississippi river when the launch in which they were riding was overturned by a wave made by a passing steamer. Their other negro companions died by clinging to the overturned boat until rescued by employees from the steamer.

EFFICIENCY IS THE REWARD OF GOOD HEALTH

Efficiency is the watchword of the times. It is the search after this efficiency that drives out the weak type in so many different phases of business.

Are you physically efficient? Is your body working in co-operation with your mind to produce the maximum of energy without weakening any organ in the body?

The chances are that you are not. The brightest physicians maintain that not 1 per cent among all the people in America could pass a physical efficiency test with a clean slate.

Nervous debility, the product of civilization, has weakened every generation. Perfect rest is one efficient means of regaining vigor, but how many of us can afford the time or money to take several months of rest? But science has produced a substitute in the form of a tonic.

Viola Vita will drive away that feeling of depression. It will bring vitality to your system. You will no longer suffer from that tired feeling, but will rebound with renewed strength and vigor.

This great tonic can be obtained at any up-to-date drug store in Atlanta.

TECH IS GRATEFUL FOR WORK OF COMMITTEE

Dinner Will Be Given Those Who Raised Fund for the School.

Governor-elect Nat E. Harris will be in Atlanta today to attend the meeting of the board of trustees of the Georgia School of Technology, which will be the first since the recent campaign which resulted in the raising of a fund for enlarging the school.

The board has invited members of the campaign committee to be present at the meeting which will be held in the chapel. After the business of the meeting is disposed of the board and its guests will go to the Georgian Terrace, where dinner will be spread.

There will be speeches by members of the board and invited guests.

President K. G. Matheson stated Tuesday that the board has invited members of the campaign committee to be its guests to express the appreciation of the school for the efforts which resulted in the raising of a fund of \$100,000 for building a new house. It will be recalled that the school was assured of more than \$100,000 worth of machinery and equipment by manufacturers, which will add greatly to the prestige the school already enjoys.

Plan Advocated by Bell, Retaining the Convention With Changes, Submitted for Decision in 1915.

CLOSING DAY.

9:30—Business period. 10:30—Pastors' session, R. A. Abbott, presiding. 1. Address, "The Supreme Task of the Pastor," H. D. C. Macchiachan. 2. Address, "The Need of More Pastors and How to Supply It," W. A. Shullenger. 3. Address, "The Ministry as a Life Work," W. G. Johnston. 4. The convention session, "The Living Gospel and the Present Age," Finis Ilesman.

Evening.

7:30—Concert by 500 negro students of Morehouse college and students of the Y. M. C. A.

8:00—Address by John Temple Graves.

The production of chairman of Atlanta committee.

Definite action toward a permanent reconciliation among the differing factions of the Disciples of Christ was launched at the Tuesday afternoon session in the form of amendments submitted to the constitution of the convention, eliminating the objectionable delegate features, but retaining the entire convention organization and power, all of which the recent resolution of Dr. W. H. Hook sought to abolish.

The proposed amendments, which were submitted in writing by the names of eighteen prominent delegates, signed thereto, were read Tuesday afternoon without discussion, and will have to wait until next year's convention at Los Angeles before they can be voted on, under the constitutional requirement that amendments to the constitution must be submitted a year before they are acted on.

The entire plan of the amendments follows very closely the changes advocated by President H. M. Ball, of Des Moines, Iowa, in his opening address to the convention a week ago. Coming as a sequel to the spirited tilt that has taken place on the convention floor between the advocates and opponents of the present organization, the proposed amendments bid fair to draw support from practically the entire delegate body, and from the present outlook will succeed in effecting permanent harmony among the Disciples.

Every Disciple a Delegate.

Under the new plan, every member of the Disciples of Christ throughout the world would be a convention delegate who comes to the gathering. Any delegate would be eligible to hold office, and also to vote in the ordinary matters, like the "yes and nay" vote is called for, as it will be for important matters, like the election of officers of the United States, and also each foreign country represented, shall have ten votes, the entire number of delegates.

EAT LESS AND TAKE MORE SALTS FOR KIDNEYS

Take a Glass of Salts Before Breakfast If Your Back Hurts or Bladder Bothers You.

The American men and women must guard constantly against kidney trouble, because the rest of our health and our food is rich. Our blood is filled with uric acid which the kidneys strain to filter out, they weaken from kidney trouble, become sluggish; the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment or you are obliged to seek relief two or three times during the night, or you suffer with sick headache or dizziness, nervous spells, acid stomach, or rheumatism when the weather is bad, get from your druggist a glass of four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithium and has been used for generations to flush out and stimulate closed kidneys; it will neutralize the acids in the urine so that you are free from any pain; it is a mild and pleasant laxative; it cures bladder troubles; it cannot injure, makes a delightful effervescent lunch beverage, and belongs in every home, because nobody can make mistake by having a good kidney flushing any time.

The Hupmobile

Quality.

It's a fine thing to sell quality, but a fine thing to deliver it, says John M. Smith Co.

The Hupmobile has always delivered quality, and we think the new model goes farther in that direction than any other Hupmobile is no slight praise for us.

To begin with, it's a five-passenger car—five passengers, mind you, with room for everything else.

Take the whole family along in comfort—no reason why Johnny can't have a ride with you.

And it has plenty of power—the motor is larger and there are a lot of refinements to take care of that.

You couldn't want or ask for more conveniences or more comforts than this car carries. It does everything—just a single word to you.

We tell you it's a beauty, and as it looks.

Step in and see it.

With the engine or coupe top, designed especially for the touring car and the roadster, and attached at small cost to the drive shaft in winter in comfort.

men from such state, territory or foreign country voting to decide which way their ten votes should go.

This would provide a state in which the convention was being held, the voting states, from controlling the vote of the convention, though having the majority of delegates on the convention floor.

Other changes of less importance, and proposed amendments, were the names of the convention to be changed from "The General Convention of Churches of Christ," to "The International Convention of Disciples of Christ." This is in line with the criticism voiced several times during the sessions of the past week, that there should be a convention of "disciples," and not a convention of churches.

Next Convention in July, 1915.

According to the recommendation of the time and place committee, which was adopted Tuesday after night, the next convention will be held at Los Angeles, July 12 to 18, 1915. The recommendation was opposed by Dr. W. H. Hook, of Kansas, one of the most venerable ministers of the Disciples on the ground that Los Angeles was so far away that many in the east would be prevented from attending it.

The report of the treasurer, Rev. A. T. Feachor, was read at Tuesday's session, and adopted, showing that the convention expenses for 1914, including the secretary's salary and the entire cost of the year's session, may be \$14,000. A number of other routine reports were also adopted.

The principal address of the day was made by Dr. H. M. Ball, of Des Moines, Iowa, the well-known leader of the Monday afternoon session, who spoke on "Men and the Church," making a strong appeal for a new standard of membership in the church, and for a new standard of life for the men of the nation.

He spoke out the hypocrisy of the hypocrite who are interested in the church, but who are not interested in the Christian life. He said that the standard of being a Christian has been lowered in many churches, and that the country that men in the church are interested in, is not interested in the Christian life.

Dr. Ball declared that men want something better, and that they want to know the truth. He said that the church has a duty to do, and that it must be a church of the living God.

The only way to accomplish this, he said, is to have a church of the living God, and to have a church of the living God, is to have a church of the living God.

The principal address of the morning session was that of Dr. H. M. Ball, of Des Moines, Iowa, who spoke on "Men and the Church," making a strong appeal for a new standard of membership in the church, and for a new standard of life for the men of the nation.

ed. He said that different views between churches would always exist, because churches were human institutions, and human institutions were subject to error. He said that in spite of these differences, the churches should strive to be one, and to be one, they should strive to be one.

One Road, Not One Platform.

Dr. Ball was looking for one thing, and that was, a one road, a one platform, a one place to stand on, but a place to stand on, and a place to stand on, and a place to stand on.

EPIDEMIOLOGICAL DISEASE MENACES BATTLE LINE

Major Seaman Says Men in Trenches Can't Observe Sanitary Rules.

London, October 13.—(11:45 p. m.)—The battle line in the western theater of the war is being threatened by a new menace, the spread of epidemic diseases. Major Seaman, of the United States army, an expert in military sanitation, and a member of the American Red Cross, who arrived today from France, is warning that the men in the trenches are unable to observe the ordinary sanitary rules and take any such precautions as are taken on the home front, and now the night is growing cold.

The major visited all the hospitals in the trenches, and found that the men are suffering from a variety of diseases, including typhoid, dysentery, and cholera. He said that the men are suffering from these diseases because they are unable to observe the ordinary sanitary rules and take any such precautions as are taken on the home front.
